

**UK-CAB 64**

**Feedback for the community**

# **BHIVA Autumn Conference**

**London QEI Centre: 16 – 17 November 2017**

**BHIVA Standards of Care – Major principles:**

- **Equality of access and treatment for ALL HIV positive people regardless of:**

**Age – Gender – Sexuality – Ethnicity – Physical ability  
– Health literacy – Immigration or residency status**

- **What's new in the 2018 Standards:**

**Role of stigma – Prevention – Complex care with support for increased needs – HIV across the lifecourse  
– Palliative care – Wellbeing**

**BHIVA are working on the order of these sections**

Richard Harding – Gazzard Lecture on Palliative care and HIV

# Moving the conversation from *why* people die to *how* people die.

“Home palliative care and inpatient hospice care significantly improve patient outcomes in the domains of pain and symptom control, anxiety, insight, and spiritual wellbeing.”

# How to survive a sexual health tender

Councils are responsible for services

- **Winning the tender means you have to cut up to 30% from budget!**
- **Sexual Health and HIV are split!**

But BHIVA and BASHH are

**“Better than the alternative”**

**which is Virgin**
