Raising awareness

Blue Sky Trust is the only place where I feel safe and calm and I can be myself. I am accepted for who I am and I am reassured

Blue Sky Trust is a warm, friendly, inclusive community. They have helped me through many dark periods in my life

Blue Sky makes use of my past experience and makes me feel useful, which is an enormous boost to my confidence and self-esteem

BST has introduced me to others living with HIV without fear of discrimination or exploitation

During COVID, Blue Sky Trust has saved me from being lonely and isolated
